

WFS is a very successful farmer-owned cooperative located in Minnesota. WFS serves more than 6,000 producers in southern Minnesota and northern Iowa by operating facilities in 19 communities.

Opportunities await you...

Launching your career at WFS will give you hands-on experience in one of the world's most dynamic industries – agriculture. This is where you'll build relationships with people who believe in what they're doing. Witness the power of science and technology to create production efficiencies and boost yields. Contribute fresh ideas to make the world a better place. And, see the results of your dedication growing all around you. WFS is focused on one mission—to work for the success of our farmer members by providing quality products, unmatched expertise, and responsive service. As a company, we are as committed to our employees as we are to our customers.

WFS offers a broad array of products and services to farmers including, grain marketing opportunities, fertilizer, crop chemicals, seed, livestock feed, energy products, and production financing.

The WFS trade area is some of the richest soil in the entire state. Tillable ground within the seven county area exceeds 2 million acres. Corn and soybeans are the primary crops grown, while hogs, followed by cattle, are the main forms of livestock raised.

At WFS, our employees stand by our mission to continually work to grow member value and cooperative strength.
